Dear Rachel,

As discussed on the phone on Thursday, please find enclosed a copy of my testimonial letter, a disc containing before and after images showing flaccid + erect length & girth.

Thank you for answering all my questions over the past few months so speedily. Hope my testimony is one that you can use and that will encourage other former sceptics, like myself, to purchase the product.

Yours sincerely,

Richard [redacted]

Dear Sir / Madam,

I am writing to share with you my experiences of using the size genetics system and, ultimately, to thank you for the fantastic benefits that I have gained from using it.

It was back in February 2009 that, after weeks of browsing your website, I finally made the decision to go ahead and purchase the device. I was naturally quite sceptical at first but figured I couldn't really lose: If it didn't work I could claim my money back and, even better, if it did work and I wrote a testimonial (such as the one you're reading right now) I could also receive a full refund. It seemed too good to be true.

After a short period of getting used to the device, I quickly found it easy to use and after just one month of wearing it (an average of 2-3 hours per day), I started to experience great results. Firstly I noticed that my erections were harder than they had ever been and that I had better control during intercourse. I also gained around 0.5 inches in length and 0.3 inches in girth that month.

Now, just four months on I simply can't believe the results! My penis, which, back in Feb, was 5.0 inches flaccid, 6.9 inches erect and 5.4 inches in girth is now 6.8 inches flaccid, a whopping 8.7 inches in length and 6.0 inches in girth! (See photos as evidence). My wife can't believe it either and my proudest moment happened recently when she returned home with a few packs of XL condoms, which fit great! - (regular sized condoms had become very uncomfortable to wear... a nice problem to have!). Lovemaking is also better than ever! I now have really good control and orgasms are much more intense (for both of us!)

So, all that leaves for me to say is a huge thank you. Using this device has really boosted my self-confidence, both in and out the bedroom, and I would wholeheartedly endorse this product to anyone wanting to gain the kinds of benefits that I myself have experienced. Give it a try – you've got nothing to lose!

Yours faithfully,

Richard

Erect Penis Length: Before and After Photos

In only 4 months Richard increased his erect penis length by 1.8 inches.

Erect Length (Before): 6.9 inches

Erect Length (After): 8.7 inches

Not only can you see the additional length that Richard added but you'll also notice the increased vascularity (larger veins) that resulted from his use of the device. This is the result of increased blood flow to the penis. There is no other natural penis enlargement solution that offers this kind of incredible results!
